HumanCare Russia

*Dear all friends of HumanCare Russia  
We wish everyone a beautiful and blessed autumn*

## *Vital medicine*

It is very good that the sanctions against Russia do not apply to medicine.

We also provide help with medication. Without it, families would not be able to function. When we were in Moscow 2021, we visited Julia, a Russian mother who has diabetes and therefore needs life-saving medicine. In the picture, Julie shows her album to the association's president, Ellen Margrethe Krabbe in 2021. Unfortunately, conditions prevent us from going to Moscow, but fortunately Father Pavel and Irina Smirnova, who previously worked with the project's initiator Connie Meyer, know who needs support. It is still families with children who are in focus.

We send all our friends and interested parties many greetings from Fr. Pavel and our contact in Moscow, Irina Smirnova. They are very happy that we will continue to help. They thank us for thinking of them and still remembering them. Thanks to everyone who supports the congregation in Moscow.

## *Lectures*

In Denmark, we hold lectures on HCR history. We tell about the humanitarian work from the beginning to the present day.

## *Bazaars*

We hold bazaars for the benefit of the congregation in Moscow

### *The ordinary Russian wants peace*

Human Care Russia is a non-political association, but we want peace. Any kind of war pains us, for war deteriorates the conditions of ordinary people. A war has no winners, only losers. Many "ordinary" Russians also think so. Some time ago there were large protests against the war, and the prisons were filled with the protestors. The Russian authorities are watching everyone. They seek out and persecutes even children who show signs of resistance to the invasion of Ukraine. Therefore there is even more need of the donations we can send.

### *Donations*

Perhaps some of the readers of this newsletter are wondering how we manage to send support to the congregation in Moscow, since you cannot immediately transfer money to Russia. We send the donations via a detour. Irina Smirnova can pick up the money and take care of the distribution in the congregation. Donations are needed during this time
